### Butterfly Valves + Actuators

Bray Butterfly Valves and Pneumatic Actuators for cement & water. All sizes available. Keystone, Apollo, and other manufacturers available on request.

### Bearings

Dodge pillow block bearings, flange bearings, and other models to fit your needs.

### Aeration Blowers & Components

Low Pressure Aeration Blowers, Aeration Pads and Fluidizers stocked in a number of styles

### Enviro-Port Reclaimer Parts

We are the east coast's authorized distributor of Enviro-Port Reclaimer Systems and Parts

### Air Cylinders

Standard bore and stroke Cylinder sizes available in many sizes for all plant applications. Custom cylinders and clevises available on request.

### Silo Safety Components

Silo Pressure Relief Valves, Pinch Valves, High Level Alarms, Pressure Switches – all available to detect and prevent overfilling and overpressurizing your silo.

### Bins & Gates

Aggregate Bins, Clamshell Gates, and Channel Gates available in stock sizes, or manufactured to your specification

### Screw Conveyors & Feeders

WAM Screw Conveyors and Ice Augers + replacement parts, available in a variety of sizes and lengths to fit your batch plant.

### Solenoid Valves

MAC and Parker Solenoid Valves, manifold or standalone configurations. Complete Solenoid Manifold Banks also available, pre-plumbed and pre-wired at the factory.

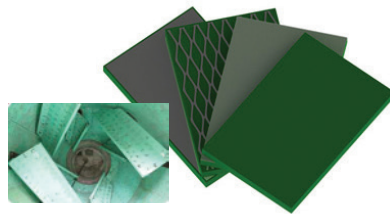

### Scale Components

Load cells, scale lever systems, and digital readouts for weighing.

### Liner Material

Urethane, Ceramic, and AR Steel Liner Material for Mixer Drums, Turnheads, Bins, Etc. Custom sized to your application.

### Ticket Delivery Systems

Pneumatic Ticket Delivery Systems and replacement parts, complete systems for ticket transfer from the batch room to your driver.

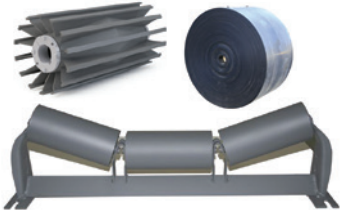

### Cement Transitions and Slide Gates

Emergency Slide Gates and Silo Transitions available in standard and custom sizes. Square to round transitions can be fabricated to meet your specifications.

### Conveyor Components

Winged Tail Pulleys, Head Pulleys, Troughing Idlers, Return Idlers, Conveyor Belting, Belt Cleaners and Replacement Blades

### Moisture Probes and Controls

Hydronix Moisture Probes, Readouts, and Cables to integrate with your automation.

### Radio Remote Systems

Radio Remote Systems and Manual Panels for Controlling Turnheads and Radial Stackers

### Bin Level Indicators

Point level and continuous measure Level Indicators / Bin Indicator Switches for cement or aggregate level readings. Multiple styles available to fit your application.

### Boots & Flumes

Stock sizes of Gum Rubber Boots, Vinyl Boots, and heavy duty Durashield. Custom boots and taper boots can be made to order.

### Ducting

Quick-Connect galvanized Ducting available in any size, as well as flex hose.

### Slurry Pumps

Heavy Duty Submersible Pumps for pumping slurry water out of pits

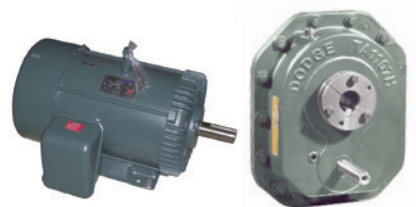

### Water Meters

Badger Water Meters, both Turbo and MAG models, in-stock along with replacement parts.

### Electric Motors & Gear Reducers

Dodge industrial motors and gear reducers in-stock, and other manufacturers available on request.

### Dust Collectors, Parts & Filters

Replacement Filters Cartridges & Bags, and Parts for C&W, Stephens, WAM, Griffin, Belgrade, and other manufacturers' collectors.

### Vane Feeders and Pneumatic Conveying Equipment

Vane Feeders & Parts, and Transfer Blowers for pneumatic conveying of bulk materials.

### Vibrators

Vibro piston and turbine Vibrators for cement silos and aggregate hoppers. Pneumatic and electric models available. Call for details.

### Air Compressors & Dryers

Reciprocating and Rotary Screw Compressors available in different sizes to meet your plant air needs. Air dryers in-stock, along with Filters, Regulators, and Lubricators.

### Hot Water & Chiller System Parts

Pumps, Check Valves, Float Switches, Temp Control and other parts for Pearson Systems as well as other manufacturers.

Offers a complete line of controls to provide office integration for concrete batching systems.

Specializing in silos and equipment for concrete production.

Customized ready-mix reclamation systems and water management.

The industry's leading supplier of high performance mixer drum and blade liners.

Supplier of high quality valves, actuators, limit switches.

A global manufacturing leader in valves, flow control and regulator technology.

Manufacturer of water storage tanks, heating and chilling systems.

Manufacturer of pan and twin-shaft concrete mixers for over 60 years.

A global market leader in screw conveyors and bulk material handling and processing.

Supplier of a comprehensive line of valves, actuators, and cylinders.

Manufacturer of quality concrete plants, mixers, and silos since 1957.

Offers a full line of aggregate processing equipment.

Manufacturer of reliable and accurate water meters and flow instrumentation.

Specializing in dust control systems including: central, silo, mobile, and weigh batcher collectors.

The industry leader, and the world's largest supplier of clamp-together ducting.

Leading manufacturer of idles and pulleys for every application.

Manufacturer of pneumatic, hydraulic, and electric vibrators for the concrete and agg industries.
